

Disassembly instruction

STEP 1

Turn the table upside down carefully and place it on a soft surface to prevent scratches.

STEP 2

Locate the bolts (1) and washers (2) connecting the table legs (B) to the tabletop (A).

STEP 3

Using the L-key (3), loosen and remove all bolts securing each leg to the table.

STEP 4

After removing all the bolts, gently detach the table legs from the tabletop.

STEP 5

Store all bolts and base together in a safe place for future re-assembly.
